EASY TO USE

BONGARD CONNECT IS MADE FOR YOU

THE BENEFITS OF BONGARD CONNECT

+ MORE PEACE OF MIND

- ▀ **Remote control over unforeseen circumstances:** modification of the deferred starts, modular alerts in case of equipment dysfunction, by email or website notification
- ▀ **Remote assistance:** diagnostic before intervention
- ▀ **Safety and data protection**

+ MORE SAVINGS

- ▀ **In production time:** remote troubleshooting, centralised control and remote management of the fleet.
- ▀ **In efficiency:** production monitoring view all statistics in one place, export reports
- ▀ **In investments:** equipment status monitoring

+ MORE CONTROL

- ▀ **Over energy consumption** analysis of equipment consumption and operation, detailed statistics
- ▀ **Over productivity:** consistency and homogeneity thanks to recipes that guide the production teams step by step and thanks to synchronisation of software updates and user profiles

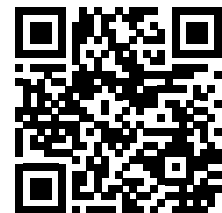

PERSONALISED ASSISTANCE

Bongard supports you every step of the way:

- ▀ Feasibility studies
- ▀ Equipment recommendations
- ▀ Installation and explanations regarding usage
- ▀ Support and follow-up regarding the use of the equipment
